you to accept Senator Schmit's amendment because it does correct a deficiency in the bill. I'm not concerned about these men belonging to these social organizations which have a liquor license. But Senator Goodrich's amendment does create suspicion in my mind, and I would ask you to reject his.

PRESIDENT: All right, in order to bring this to some, in order to bring this to some sort of settlement here. Senator Whitney stand by just a moment. Senator Goodrich, could I prevail on you to maybe indicate in your amendment, and it is an extensive amendment, could you indicate in there, the half that's apparently an over lap of Senator Schmit's amendment, and let's dispose of that or adopt it one way or another here, but your making a complete amendment to his amendment really, and see if you can get us out of this. We want to divide that question.

SENATOR GOODRICH: All right, the amendment that I have, is the total amendment, is laying on Vince Brown's desk. It is in two paragraphs. Are you with me Vince? The first paragraph is the part that over laps Senator Schmit's amendment, and only the first paragraph.

PRESIDENT: All right, let's read that and that is what we're voting on and that is the motion that we're dividing now at this particular time. Will the clerk please read that. This is the only issue before the body now. Is this half of the amendment, of Senator Goodrich's to Senator Schmit's amendment.

CLERK: (Read)

PRESIDENT: Now Senator Schmit--

SENATOR GOODRICH: One other thing, Mr. President. Senator Luedtke, I just discussed this with Senator Luedtke this morning and he was suggesting a possible amendment. Does Senator Luedtke yield to a question please?

PRESIDENT: Senator Luedtke, will you yield?

SENATOR LUEDTKE: Yes.

SENATOR GOODRICH: Are you still in concurrence that we should put the words non-profit, before organization?

SENATOR LUEDTKE: Yes, I could not support this amendment unless it had non-profit organization clearly spelled out that it was a non-profit organization. Otherwise you open it up to any and all corporations in the State of Nebraska.

SENATOR GOODRICH: Then would you offer the amendment to my amendment?

SENATOR LUEDTKE: Well is it in order to do that now? What have we before the house?

PRESIDENT: All right, we have before the house now, Senator Goodrich's amendment, Senator Schmit's amendment and we're talking about the first half of his amendment
